

HOME IMPROVEMENT CHECKLIST

Winter can wreak havoc on your home but spring is the opportunity to get your home back in order. Our list will help guide you as you tackle the spring cleaning and home maintenance chores.

ROOF INSPECTION

Hire a professional to come out and inspect your roof to make sure that the winter weather didn't take a toll. They can spot a leak problem before you can!

CLEAN THE GUTTERS

Remove leaves and other debris from your gutters to prevent any problems during spring showers. And be careful on that ladder!

OUTDOOR LIVING

Rinse off the furniture, grill and other backyard accessories. Power wash the porch and reattach water hoses and propane grill hoses to make sure they work.

PREP THE DECK

Power wash and inspect your deck for loose or splitting boards and nails. Slap on a coat of protectant for the warmer months.

WINDOWS & SCREENS

Inspect the screen from both the inside and outside for any holes or tears. Then check out the glass on your windows to ensure no cracks or drafts.

CARPET CLEANING

Book your carpet cleaning today! Carpet cleaning professionals book up fast in the spring.

PAINT TOUCH UPS

Kids and pets being locked up indoors all winter long can really do a number on the paint, so touch up the rough spots.

CHANGE AIR FILTERS

This is your friendly reminder it's time to change those air filters!

AC SERVICE

It's always a good idea to get your AC unit inspected and checked every spring to ensure a cool and comfortable summer.
